Final Project:

Phase II

Cariboni Irina, Chiara Alessandro

–Track IV–

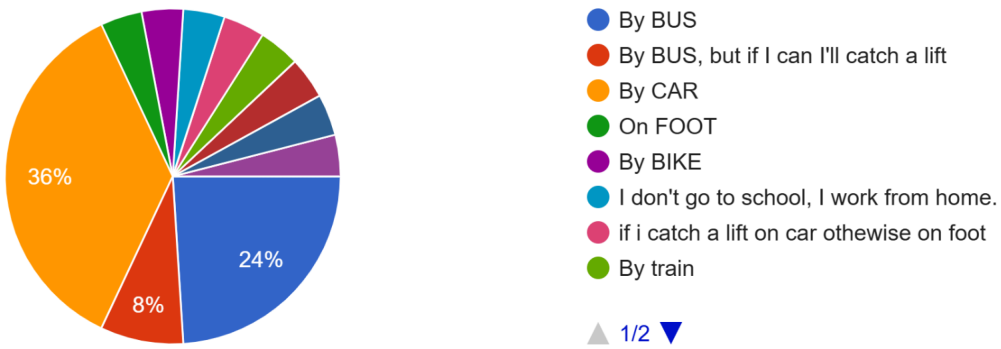
"The commuter Nightmare"

My problem statement is: Many students are unable to get to school because buses are late or don't arrive.

Data analysis:

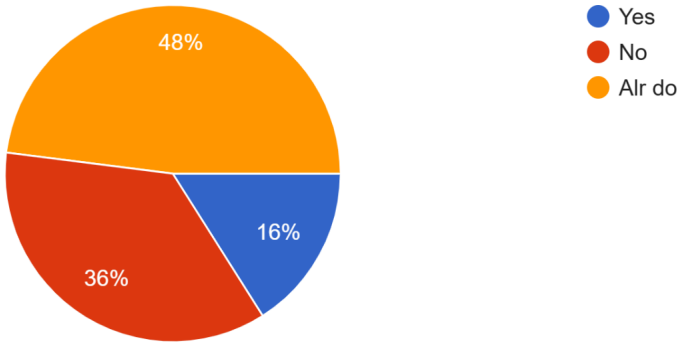
Do you go to school:

25 risposte



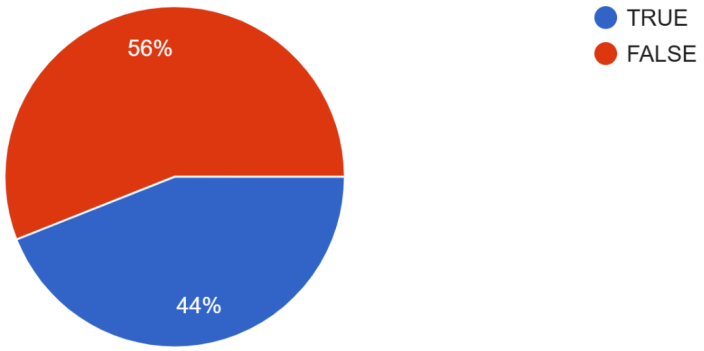
If you don't already, would you like to go every day by car?

25 risposte



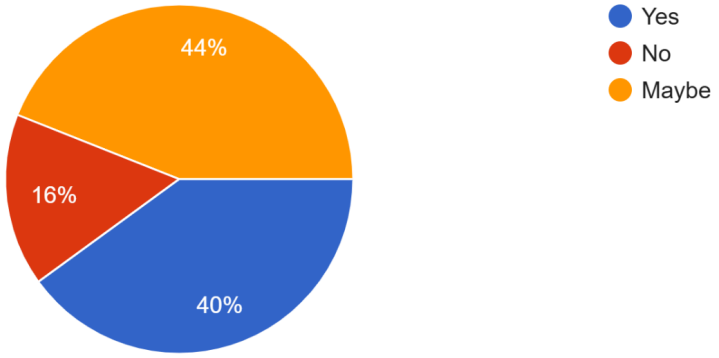
It's alawais hard to find a ride in time

25 risposte



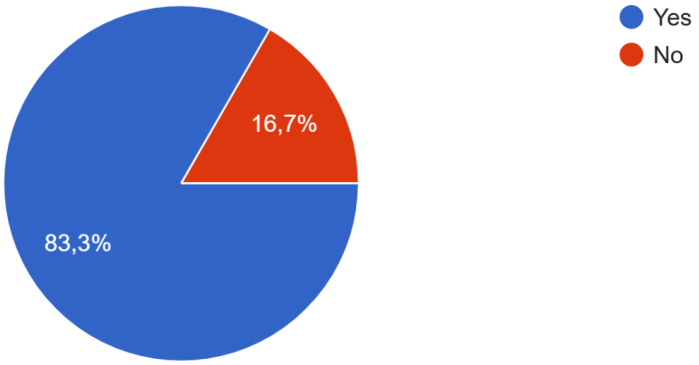
Would you use an app like this for matters such as going other than going to school?

25 risposte



If we told you there is a solution would you belive us??

24 risposte



Have you got any suggestions..?10 risposte

“No

I didn't quite get the idea, but keep on working on your app!

no because i didn't understand what is your idea

Not really

No, I haven't

Surprise me

You should try to put every public transport company in a single place because it would be very helpful.”
